While membership participation began to fall off post-COVID, we are in the process of rebuilding the team. We plan to meet again and have reviews going into 2024. The lack of participation may stem from the fact that many Committee members are also involved in other committees addressing similar issues. Therefore, the DVFRT, while useful, may seem redundant to them.

Judicial Circuit Solicitor Domestic Violence Fatality Review Committee Annual Report

Judicial Circuit: 13th Judicial Circuit	Year: 2023
Greenville has finally launched the Handle With Care program! This is an exciting update as this has been a 7 year venture for Michelle Cunningham, a member of our DVFRC and DSS employee. There were 5 notifications made within the Sheriff's Office within the first 12 hours of launching the program. We are hopeful that this program will assist in the impact that domestic violence has on children.	
D. New Recommendations	
Please list any new recommendations made this year by majority vote of the Committee, along with any suggestions, efforts, or plans to implement the recommendations.	
The committee discussed a need for better communication between our committee and the Community Coordinating Council. Although reviewing these cases can be helpful to see in hindsight what we might have done better, it isn't helping much if we cannot then take that information and turn it into action in some way. We hope to better collaborate with our DV Community Coordinating Council in the coming years. In addition, now that the Handle With Care program has been launched in Greenville we have set our sites on bringing it to Pickens hopefully within the next few years.	
E. Public Education	
Please list, and fully describe, any efforts of the Committee to educate the public about domestic violence.	
This specific committee did not do any community outreach, however, many of our members are also members of our Coordinating Council who put on two events for the community. One was an informational event and the other was a vigil for the community.

Please provide any other information the Solicitor’s Office and/or the Committee would like to share about the fatality review process or work.	
The committee had a productive year and a lot of meaningful discussion surrounding the case we reviewed for 2023. Through this review it became evident that we still need better education about domestic violence for our community so that family members and friends can know how to intervene and when they should intervene to save lives in the future.
