AGENCY’S DISCUSSION AND ANALYSIS

I. AGENCY OVERVIEW OF FY 2021-22 AND FUTURE PLANS

Internal & External Factors Affecting Performance:

FY 2021-22 was a year of continued progress for the SCCPC towards addressing the agency’s technology and staffing needs. Although inadequate funding continued to inhibit the ability to move forward with many of the agency’s plans and goals, the agency did utilize federal grant funds awarded to hire the agency’s first IT professional and begin the discovery and planning phase of the agency’s database project. Additionally, new funding appropriated in the current FY 23 state budget positions the SCCPC to finally begin development of its database project. Technology funding appropriated in the FY 23 state budget for the Offices of Circuit Solicitor will also enable the circuit solicitors to begin addressing their technology needs, and statewide efforts to upgrade and integrate the solicitor’s case management systems are already underway. Nonetheless, shortages of prosecutors in the Offices of Circuit Solicitor, struggles to retain talented and experienced prosecutors, and the continued impact of COVID-19 continue to hamper progress towards addressing the backlog of criminal cases in the judicial circuits.

Current Efforts and Results:

The effectiveness, professionalism and efficiency of South Carolina prosecutors are of utmost importance to the SCCPC as well as the sixteen elected circuit solicitors statewide and several efforts promoting these qualities were continued and enhanced in FY 22.

The COVID-19 emergency impacted SCCPC’s trainings starting in March 2020. In response to the ongoing need to safely provide continuing education and training programs to prosecution staff across the state, the SCCPC began offering virtual education opportunities, which continued in FY 22 by offering thirty-one (31) virtual trainings. The agency also started reintroducing live education opportunities in FY 22 by conducting two (2) in-person trainings, including the four-day South Carolina Solicitors’ Annual Conference (September 2021) and the five-day Prosecution Bootcamp (May 2022) for new prosecutors. The Annual Conference was offered in a hybrid format so participants could choose whether to attend in person or virtually. Cumulatively, these thirty-three (33) trainings offered 167.33 accredited hours of continuing education for 1,699 participants, including prosecutors, victim advocates, investigators, and other prosecution staff.

The SCCPC continued its partnerships with the Circuit Directors of Diversion Programs in the sixteen circuits, other program coordinators, and the Commission’s Task Force on Diversion Programs to continue coordination of effort and processes among diversion programs across the state and improve accessibility to data on statewide diversion program participation. The Commission approved the Standardized Procedures for Pre-Trial Intervention Programs and the Task Force distributed them. The Task Force is continuing its work by focusing on standardized procedures for other diversion programs operated by the Offices of Circuit Solicitor.

The SCCPC continued its management of two longstanding grant awards and a two-year grant awarded in FY 21. The two-year “Innovative Prosecution Solutions” grant awarded by the Bureau of Justice Assistance (BJA) has allowed the SCCPC to begin work on the agency’s database project.

The SCCPC remained active in FY 22 assisting the solicitors with the review and General Assembly with the development of proposed legislation of interest to the legislature on a variety of criminal law matters.

AGENCY NAME:	SC COMMISSION ON PROSECUTION COORDINATION		
AGENCY CODE:	E210	SECTION:	60

Additionally, the SCCPC continued to update several statutorily required reports and the formats thereof to streamline and simplify the process for both the SCCPC and solicitors' offices, clarify the parameters of requested data for solicitor staff responsible for gathering data, and improve the accuracy of data in final statewide reports. Despite these improvements, the compilation of data collected, and preparation of final reports are hindered by the lack of a database at the SCCPC and inconsistency in the availability and calculation of data provided by solicitors' offices.

Plans under Development to Introduce Additional Changes:

The technology initiatives planned by and between the SCCPC and the Offices of Circuit Solicitor have now been established for several years but have been slow to progress in the absence of the necessary technology funding that has been requested for just as long to support those initiatives. The SCCPC's and solicitors' technology plans require web-based prosecution case management systems and supporting IT infrastructure and software for all circuit solicitors, and a central database and IT staff for the SCCPC. The appropriation of technology funding in the FY 23 state budget will jump start the work of the SCCPC and Offices of Circuit Solicitor for these initiatives. A large focus in FY 23 will be on developing, procuring, and implementing technology, primarily the database project for the SCCPC, case management system upgrades for the circuit solicitors, and interface between SCCPC and solicitor systems. While the non-recurring funds provided in the FY 23 budget will largely support the procurement and initial implementation of these technologies, recurring state funding will be required for ongoing maintenance, support, and licensing and will be requested as these expenses are known.

As the population in South Carolina grows, so does criminal activity and the responsibilities of circuit solicitors. The demands on the SCCPC for training, legal research and assistance, and reporting have likewise increased. The ability for circuit solicitors to retain experienced prosecution staff and hire additional prosecution staff to meet increased demands is more important than ever; however, with no additional funding and, in fact, declining revenues, solicitors struggle to maintain existing staff because of higher paying jobs elsewhere and stress from increased workloads and responsibilities.

An investment of recurring state funding for the recruitment and retention of assistant solicitors in South Carolina is the chief need of the circuit solicitors and will be requested for FY 24. Without this funding, the Offices of Circuit Solicitor simply cannot compete with salaries offered by the Judicial Branch, state agencies, the U.S. Attorney's Office for South Carolina, or prosecuting entities in neighboring states. Currently, state funding for the Offices of Circuit Solicitor is less than one-half of the overall support provided through County funding. At the same time, annual revenue from statutory court fee and fine distributions has declined 36.52% since FY 15, and prosecutor workloads continue to increase as state population and the annual number of incoming warrants also increases.

II. NOTABLE ACHIEVEMENTS AND RESULTS IN FY 2021-22

The SCCPC achieved the following during FY 2021-22 in furtherance of the agency's mission:

- Exceeded training goals for FY 22 by offering 167.33 hours of accredited continuing education opportunities through thirty-one (31) one-day or shorter trainings as well as co-sponsoring with the South Carolina Solicitors' Association the four-day 2021 South Carolina Solicitors' Annual Conference and the 2022 Prosecution Bootcamp (these programs are co-sponsored with the Association; the Association bears the costs associated with the program and the Commission plans and conducts the trainings). The 167.33 hours consisted of 94.01 hours for prosecutors and paralegals, 36.15 hours for Solicitors' investigators and other officers, and 37.18 hours for victim

advocates. In addition to these accredited training hours, other educational opportunities were offered for Solicitors' staff members. All but the Annual Conference and Bootcamp programs were conducted live using Zoom™ webinars. Due to continuing COVID concerns (including spacing seating), the Commission offered the training from the Annual Conference both in person and live via Zoom™. The trainings offered were on topics relevant to the duties of the staff of the Solicitors' Offices, including:

- o juvenile justice;
 - o evidentiary issues (obtaining, using at trial, and preservation);
 - o collateral consequences;
 - o prosecution's disclosure obligation;
 - o offense-specific topics, including those related to driving under the influence, domestic violence, and sexual assault offenses;
 - o victims' rights, advocacy, and restitution;
 - o ethics and professionalism;
 - o sentencing;
 - o legislation;
 - o Freedom of Information Act;
 - o mental health; and
 - o general case law updates.
- Co-sponsored a portion of training (one hour of Judicial Continuing Legal Education) conducted on-demand by Court Administration for Summary Court judges in June 2022 for 53 Summary Court judges. The SCCPC selected the topic, recruited prosecution speakers, collected speaker presentation materials, and recorded the presentation for use by Court Administration in offering the virtual seminar. As an on-demand webinar, it is expected to be viewed more judges over the next year.
 - Continued to increase the use of and modify, for agency and end-user efficiency, the agency's online registration process.
 - Offered the "Case Round-Up" training program, a monthly one-hour "lunch and learn" training program covering all criminal, quasi-criminal, and other decisions of interest to prosecutors and law enforcement, issued by the Supreme Court of the United States and South Carolina appellate courts during the preceding month. The program is conducted every month except for the month in which the Solicitors' Annual Conference is held (because the SCCPC coordinates a panel at the Conference to cover appellate opinions of significance).
 - Provided legal updates to the Offices of Circuit Solicitor, Attorney General, and municipal prosecutors registered with the SCCPC immediately upon the release of opinions and orders by the Supreme Court of the United States and South Carolina's appellate courts announcing a significant change to the substantive law, court procedure, or ethics rules, as well as relevant legislation by the South Carolina General Assembly and the Governor's Executive Orders impacting the criminal justice and court systems.
 - Expanded the weekly training email alert, which goes out each week except some with holidays, to inform the Offices of Circuit Solicitor, Attorney General, and some municipal prosecutors and law enforcement officers (those registered for such notices) of training opportunities offered by the Commission and other organizations and providers (local, state, and national). During some weeks, additional "special" alerts have been added to address new training opportunities or to call attention to specific training opportunities.

- Applied for, received and managed federal grant funds for the John R. Justice Student Loan Forgiveness Program to recognize 20 South Carolina prosecutor and public defender applicants (13 prosecutors and seven public defenders), who have demonstrated a commitment to public service, with an award to lessen the financial strain of existing student loan debt. The availability of the award and notice of the application process is announced statewide, through directed emails, distribution to the law schools, and publication by the South Carolina Bar. The total amount of the award available is divided equally between prosecution and public defense; if more of one type of applicant applies than the other, than the amount of the individual awards to the applicants in the smaller type of pool will be more than the applicants in the other pool receive. All eligible applicants received an award.
- Awarded grant funds for a Traffic Safety Resource Prosecutor (TSRP). The grant is administered and allocated in South Carolina by the Department of Public Safety, Office of Highway Safety and Justice Programs. Pursuant to grant requirements, the SCCPC conducts trainings for prosecutors, law enforcement, and summary court judges on traffic safety enforcement, prosecution, and adjudication, with a specific focus on DUI and traffic-related offenses.
- With funds awarded under a two-year federal grant received in FY 21, continued work on the development of a centralized database for the collection of statewide prosecution data. Funds were award through the “Innovative Prosecution Solutions for Combatting Violent Crime” program by the U.S. Department of Justice, Bureau of Justice Assistance (BJA).
- Awarded grant funds through the federal Coronavirus Emergency Supplemental Funding program.
- Provided technical legal support on ethics, constitutional law, evidentiary law, criminal law and procedure, trial, and appellate issues for the Circuit Solicitors and their staff.
- Pursuant to state law, collected data from the Offices of Circuit Solicitor and prepared annual reports on:
 - o Expenditures and Revenue (state, local, federal and non-governmental funding sources)
 - o South Carolina Diversion Programs
 - o Domestic Violence (DV) prosecutions
 - o Driving Under the Influence (DUI) prosecutions
- Responded to inquiries from and provided input to the South Carolina General Assembly on legislation, budget requests and fiscal impacts.
- Worked with and assisted the Task Force on Diversion Programs on finalizing standardized procedures for Pre-Trial Intervention programs statewide and, after the SCCPC Commission approval, distributing them to the Offices of Circuit Solicitor for implementation.
- Served as a resource for and/or provided technical assistance to other local and state agencies on issues related to criminal justice.
- Two SCCPC staff members served as speakers and/or resources for local, state, and national training and meeting sessions related to criminal justice and prosecution training including the South Carolina Criminal Justice Academy and the National Association of Prosecution Coordinators.

III. DISCUSSION OF AGENCY PLANS FOR FY 23 AND BEYOND

An overview of plans the SCCPC has developed or that are under development is provided in Section I. A more detailed description of these plans, the continued efforts of the SCCPC, and the goals expected to be achieved through implementation of these planned initiatives and ongoing efforts follows:

AGENCY NAME:	SC COMMISSION ON PROSECUTION COORDINATION		
AGENCY CODE:	E210	SECTION:	60

- 1. Develop, coordinate and conduct regular training and continuing education for Circuit Solicitors, prosecutors, and staff.** Chief among the services the SCCPC provides for the Offices of Circuit Solicitor is regular training for all prosecution staff. Agency staff will continue to coordinate and conduct trainings in the future tailored to the needs of prosecutors, paralegals, investigators, victim advocates, diversion program staff and administrative staff and will provide resource materials for every training that is conducted for future reference and use. The SCCPC staff also serves as a legal resource on and responds to requests for technical assistance with ethics, charging, evidence, constitutional, trial, appellate and other prosecution issues for solicitors and their staff; provides updates on legislation, case law, and government orders; and reviews pleadings upon request. Agency staff will continue to provide such technical assistance as requested.

In the spring of 2020, the SCCPC switched from in-person trainings to webinar trainings via Zoom™ because of the COVID-19 pandemic. The benefits afforded by webinars (including, for the staff of the Offices of Circuit Solicitor, easier access to training and less time away from the job because travel is not required) have resulted in webinars becoming a mainstay of the SCCPC’s training curriculum. For that reason, in FY 23 and beyond, the SCCPC will continue to develop and provide virtual training to enhance the agency’s education and training program while also offering in-person trainings.

In FY 22, the SCCPC conducted the 2021 South Carolina Solicitors’ Annual Conference as a hybrid program, with some participants attending in person and some virtually. During FY 23, the 2022 Conference will be offered only as an in-person program. Prior to FY 22, the SCCPC had not conducted a Prosecution Bootcamp program since FY 19 (the 2020 program was scheduled for the spring of 2020 but cancelled due to COVID-19, as were the plans for the 2021 program). Prosecution Bootcamp is a program that requires in-person training as it involves discussion and performance workshops, in addition to presentations. The 2022 Bootcamp, held in May 2022, had almost twice the normal number of attendees. The SCCPC develops and organizes every aspect of the Annual Conference and Bootcamp programs. The Annual Conference brings together Solicitors and their staff, other state and local prosecutors, diversion program staff, prosecution investigators, paralegals, administrative staff, speakers, and guests from across the State for training and required legal education. The Bootcamp program brings together senior prosecutors and new lawyers in the Offices of Circuit Solicitor for the purpose of providing training on basic criminal law and procedure, the duties of a prosecutor (including charging decisions, discovery, and plea negotiations), as well as trial advocacy.

The SCCPC will continue to obtain accreditation for its trainings from the Supreme Court of South Carolina’s Commission on CLE and Specialization, South Carolina Criminal Justice Academy, and/or Department of Crime Victim Services Training, Provider Certification & Statistical Analysis. Evaluations will continue to be utilized to determine the effectiveness of each training.

In addition to accredited training programs, the SCCPC has offered and will continue to offer other educational programs for prosecution staff members who do not have formal continuing education requirements. The SCCPC has also engaged select groups of prosecution staff to address specific changes in the law, such as expungement personnel, family court prosecutors, DUI prosecutors, and Sex Offender Registry points of contact; this engagement will continue into FY 23 and beyond.

AGENCY CODE:	E210	SECTION:	60

Providing training and legal education programs and services for the Offices of Circuit Solicitor is a primary function of the SCCPC and is an essential service for the Offices of Circuit Solicitor. Recurring funding will be requested for the FY 23 state budget to establish a technology equipment replacement schedule for malfunctioning and end-of-life equipment used for the agency's education and training operations provided for prosecutors, law enforcement, judges, victim/witness advocates, diversion program staff, and other prosecution staff members.

2. Hire additional agency staff and provide staff with necessary resources to perform job duties.

The SCCPC has developed a strategic organizational plan that identifies appropriate staffing necessary to enable the agency to accomplish ongoing efforts, new plans under development and, ultimately, the responsibilities and mission of the agency. State funding was appropriated to the SCCPC in the FY23 budget to make the agency' grant-funded database administrator position permanent and hire two additional staff. Applications are currently being reviewed for the position of Technology Operations Project Manager to lead the agency's new and complex technology initiatives and manage the overall technology operations.

3. Develop and implement an agency database.

In FY 22, the SCCPC was able to being the planning and discovery phase of its database project. The database (Prosecution Data Collection System) will be housed at the SCCPC and will serve as a central repository database for the collection and statewide reporting of statistical data from the Offices of Circuit Solicitor. It will also support integration with the offices that have newer cloud-based prosecution case management systems. Upon implementation, the database will streamline and maximize the accurate and efficient collection of existing statewide data to meet reporting requirements, analyze case data and trends, and measure the programmatic and operational effectiveness of the Offices of Circuit Solicitor.

Also in FY 22, the SCCPC acquired an Azure Government Cloud subscription through the Department of Administration's shared cloud services and created a SQL database as the initial steps toward having the capability to integrate with the Circuit Solicitor's prosecution case management systems.

The SCCPC is grateful to have received non-recurring state funds in the FY 23 Budget towards the development of the database. As a result of the preparation work undertaken by the SCCPC in FY 22, the agency was able to immediately submit for review and approval by the Department of Administration, Division of Technology Operations (DTO) in June 2022 a contract and project plan with its selected vendor for the development of the front-end capabilities of the Prosecution Data Collection System. As of September 2022, the SCCPC is awaiting DTO's approval of the contract as DTO finalizes project specifications with the vendor. Once this is completed, the vendor can begin work and the agency is hopeful that most, if not all, of the initial phase of the database will be completed by the end of FY 23. The vendor has provided the ongoing annual maintenance costs for the database, and the SCCPC will be requesting recurring funding for these costs for the FY 24 budget.

4. Assist with the development and implementation of statewide diversion program initiatives.

The SCCPC continues to partner with the sixteen statewide Circuit Directors of Diversion Programs to identify and bring to the circuit solicitors' attention various areas of concern and issues affecting the performance of statewide diversion programs. In the past few years, the SCCPC has

AGENCY NAME:	SC COMMISSION ON PROSECUTION COORDINATION		
AGENCY CODE:	E210	SECTION:	60

worked with the Circuit Directors of Diversion Programs and coordinated working groups from the Offices of Circuit Solicitor to identify resource shortages for the operation of solicitor-operated diversion programs.

In FY 22, the SCCPC-appointed Task Force on Diversion Programs met seven times to discuss and finalize standardized procedures for statewide pre-trial intervention programs. These standardized procedures were approved by the SCCPC Commission in FY 22. In FY 23 and beyond, the task force will continue its work by developing recommended standardized procedures for other diversion programs.

The SCCPC coordinated Diversion discourse calls in FY 22 for all diversion personnel in the Offices of Circuit Solicitor, with the objective of sharing ideas, solutions, and enhancing the communication between diversion programs across the State. These calls will continue to be coordinated in FY 23 on an as-needed basis.

IV. CIRCUIT SOLICITOR PLANS FOR THE CURRENT FISCAL YEAR AND BEYOND

The ongoing efforts and new initiatives of the sixteen (16) elected circuit solicitors support the fair and swift prosecution of criminal cases, rehabilitation of offenders through diversion and treatment court programs, support for crime victims and witnesses, and public safety. The SCCPC’s role is to coordinate and provide training programs, legal and legislative research and assistance, statewide prosecution data, legal and legislative updates and responses, and project assistance to support the solicitors’ efforts. While the outcomes for the efforts and initiatives of the solicitors’ offices are not directly under the control of or influenced by the SCCPC, the ability of the solicitors to carry out their efforts and initiatives is of utmost importance to the SCCPC and directly affects the ability of the SCCPC to effectively carry out the Commission’s ongoing efforts and planned initiatives. Therefore, a brief description of these solicitor goals and plans follows:

1. **Upgrade technology in the Offices of Circuit Solicitor.** \$9.6 Million in non-recurring technology funding was appropriated for the Offices of Circuit Solicitor in the FY 23 budget. Although as of the middle of September this funding has not yet been made available for distribution to the solicitors, the solicitors have actively been researching and obtaining cost estimates for various case management systems to upgrade or replace their existing platforms. Having the ability to make these significant technology upgrades will ultimately provide the capability to interface with other offices (including prosecutors, law enforcement, courts, defense attorneys) and integrate targeted data with central specialized databases (such as the SCCPC database being developed by the SCCPC).
2. **Assistant Solicitor Personnel and Retention.** Backlogs and prosecutor caseloads in South Carolina are the highest that they have ever been. Court shutdowns due to COVID-19 have increased the problem; but there are other factors at play. Population and the number of incoming General Sessions cases has risen dramatically in the last five years. The five-year average number of annual warrants coming into the system as of FY 22 is 16% higher than FY 16. The amount of discovery in those cases has increased exponentially. Body cameras, dash cam videos, security camera footage were not generally prevalent five years ago. Today almost every case has hours of video that must be gathered and reviewed by prosecutors and defense attorneys.

AGENCY NAME:	SC COMMISSION ON PROSECUTION COORDINATION		
AGENCY CODE:	E210	SECTION:	60

The Circuit Solicitors are in dire need of additional funding to hire more assistant solicitors and retain experienced assistant solicitors to support the efficient and effective processing of criminal cases. Today, delays in processing cases are being caused by massive caseloads. The average assistant solicitor has a caseload of 427 felony warrants. This equates to approximately 232 felony cases (there are on average 1.71 warrants per case) per assistant solicitor.

While circuit solicitors need additional funding so that they may begin addressing this issue by hiring and retaining assistant solicitors, their annual revenue has actually dropped. Annual revenue from statutory court fines and fees has declined 37% since FY 15, a drop of over \$1.8 Million annually, and the cumulative loss in revenue from court fines and fees for the solicitors' offices from FY 19 when COVID-19 began impacting court operations through FY 22 is \$4.2 Million. Further, while the State has provided \$14 Million to the Judicial Branch for additional positions and to increase starting and existing attorney allowing them to increase dockets and court time, no funding has been provided to the Circuit Solicitors or Public Defenders.

The efficient processing of cases happens when three elements are present in both the Circuit Solicitor's Office and the Circuit Public Defender's Office. First, there has to be the proper number of prosecutors and public defenders to run court. This is accomplished by taking guilty pleas and trying cases. Second, an equal number of prosecutors and public defenders must be preparing to run court. This entails meeting with witnesses, assessing evidence and analyzing the law. None of this can be done while the lawyers are in court. It must be done beforehand if the court term is to be productive. Finally, there must be enough assistant solicitors and assistant public defenders to triage the cases as they come into the system. Prosecutors should meet with officers and victims and analyze their case and the offender. At the same time public defenders should meet with their clients, review the evidence and assess their cases. In many cases this can be done in a matter of days. The assessments of professional prosecutors and public defenders are often consistent and proper conclusions are able to be acted on quickly. However, this can only be done if the lawyers have the time and are able to focus on the tasks at hand. Much like preparing for court the lawyers cannot properly triage cases if they are in court or preparing for court.

New recurring funding will be requested for the FY 24 budget to hire and retain assistant solicitors. Additional funding is also needed for hiring and retaining assistant public defenders so that together, they can begin tackling these massive caseloads.

V. RESTRUCTURING RECOMMENDATIONS

The SCCPC does not have any restructuring recommendations for the elimination or combination of existing agency programs.

VI. RISK ASSESSMENT AND MITIGATION STRATEGIES

If the SCCPC does not meet its goals and objectives, the criminal justice system and the safety of South Carolina's local communities will be adversely impacted. The SCCPC coordinates communication and collaboration among the Offices of Circuit Solicitor and criminal justice partners; gathers and reports data and information for the benefit of the General Assembly, Circuit Solicitors, other criminal justice agencies and the public; develops and provides training for prosecutors, law enforcement, judges, diversion coordinators, victim advocates and others; and provides legal assistance to the Offices of Circuit Solicitor.

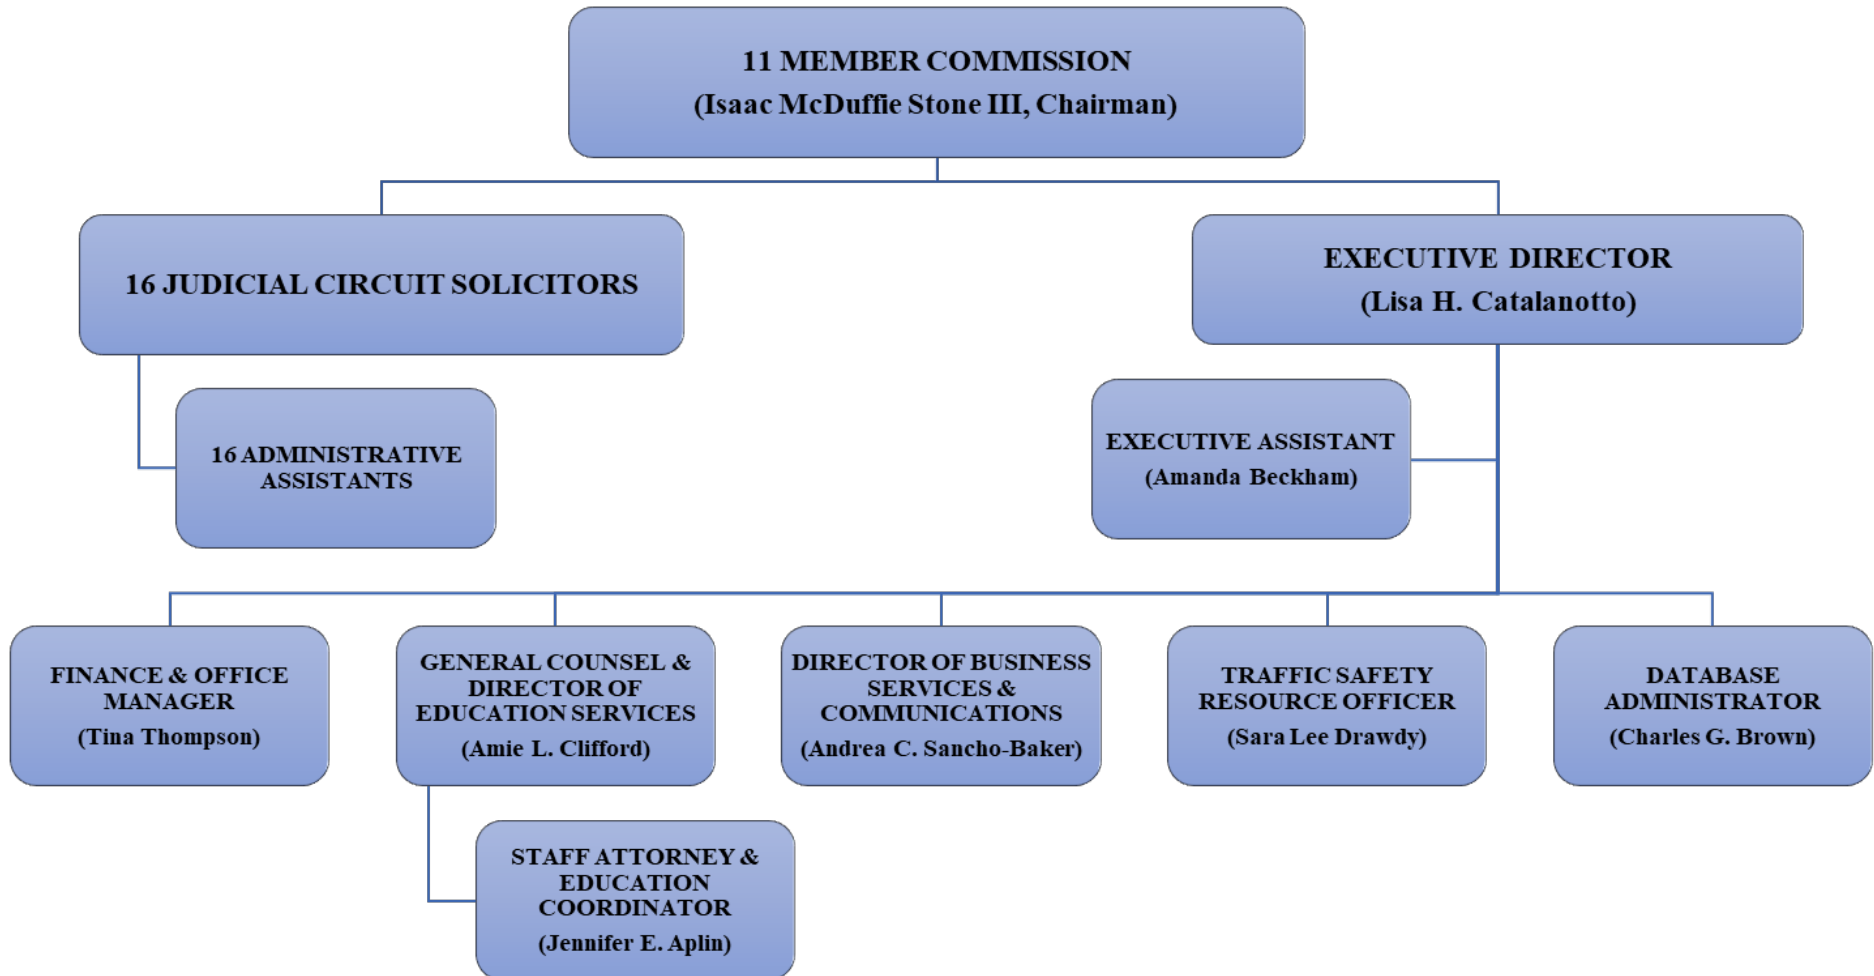

AGENCY NAME:	SC COMMISSION ON PROSECUTION COORDINATION		
AGENCY CODE:	E210	SECTION:	60

Circuit solicitors face several challenges requiring enhanced prosecutor training and continuing legal education, and additional support and assistance from the SCCPC. To respond to South Carolina’s population growth and increase in the number of arrests, the Offices of Circuit Solicitor must have adequate numbers of prosecutors and staff to handle the increased volume of criminal cases and the ability to retain experience and talent. As the number and experience of prosecutors within the solicitors’ offices change, the demands on the SCCPC continue to increase.
